WOMEN'S SERVICES
Pregnancy Care Medical Center

A Pregnancy Care Medical Center that Exists to Educate and Empower Individuals and their Families to Make Life-Affirming Choices

Annual Report 2016

"Children are a gift from the Lord; they are a reward from Him."

Psalm 127:3

"The mission and ministry of Chester County Women's Services isn't just about saving unborn lives, but compassionately caring for the moms who find themselves in crisis pregnancies, and for the dads who often feel left out of the choices and responsibilities in which they want to be involved. The gentle witness to the gospel, the competent medical care, and the loving social network which CCWS so comprehensively provides to all those who pass through their doors doesn't simply save but radically transforms the lives of so, so many. What a privilege it is for our church to partner with CCWS!"

Your Support Changes Lives!

"My wife and I discovered that we were expecting a child, which was unplanned for us. I was thrilled, but she was gripped with fear as her past experiences came to mind once again. She wanted to have an abortion, and because I love her, I knew I would support her decision no matter what. Still, **I prayed to God for a miracle, and God answered when we came to CCWS**. It was like all her old burdens just fell away, and now we are going to be parents, together!"

"When I found out I was pregnant, my first thought was abortion. I had a bad experience when I was younger, and the thought of having another child just wasn't something I wanted to consider. My husband and I came to CCWS for a pregnancy test and ultrasound. We were scared and desperate, but after talking with the staff and volunteers, **we realized that this baby is a blessing!** I was able to let go of so much baggage from my past, and I gave it all to Jesus when I accepted him as my savior. I know that God forgives me, and I am ready now to face the future. **I came to CCWS with no hope, and I left with hope.** I feel like a new person."

We pray daily for our clients and the choices they are facing.
