A NOTE FROM OUR EXECUTIVE DIRECTOR

By Myriam Ruager

4,165.

This is the number of appointments served between our three centers in 2020, largest number of appointments that CCWS has ever served. So you may be puzzled when I tell you that this number doesn't burden my heart, as it might for others who see that number as a tragic indication of so many abortion-minded women and struggling families. To me, surely, this number is good news! When we reach more people with the gospel of Jesus Christ, it's always good news. And we've constantly prayed our influence in the community expands. So, while I celebrate the opportunity that God has given us in this large number, the number is not important to me, compared to the value of even a single life saved. Each life is precious. We can rejoice in the significance of these many appointments though, not just for our staff, but for you - our donors. Because this number represents 4,165 instances of HOPE during a very difficult year; 4,165 opportunities to share the love of Christ with those who don't know Him; 4,165 opportunities to change and save lives!

When clients walk through our doors they share their lives with us. Many of their stories are heart-wrenching, often unthinkable. Abuse, neglect, violations, and battery are everyday occurrences. If our doors were closed this past year, these individuals would not have a refuge, to learn about the life growing in their womb, or to be empowered to make better life choices for their families.

It is my belief that each of these opportunities are divine appointments, and they wouldn't happen without YOU! You are the instrument by which our Lord chooses to ordain these conversations. Your support is what encourages, educates, empowers, and elicits hope. God has allowed CCWS to weather the storm of the past year and that is in thanks to your continued support through these times. Thank you for believing in our mission to educate and empower individuals and their families to make life-affirming choices.

A few more encouraging numbers to share: Last year 20 mothers who were abortion-minded credited CCWS with helping them choose life for their babies and 20 parents came to know the Lord! One would be worth it, but the Lord allowed us to do much more. We exist to serve these families. As you read through this report, remind yourself of just how important your role is at CCWS. We couldn't do any of this without you!
May God continue to bless you as you bless others,

Myriam

Client Story

"CCWS - a piece of Heaven. My name is Luis. My wife and I are newcomers to the United States. Before the pandemic, we had our regular life. Despite life's difficulties we were trying our best to start from scratch and make it on our own. When the pandemic came, we both lost our jobs. Right away, we began interviewing to get other jobs but it didn't go well. The main reason for this was our lack of experience. When competing will millions of unemployed people who have years of experience and education in this country it is almost impossible, at least for the short term. Everything in our world seemed dark. Suddenly, all our hope for a better life started to die. Then, in the middle of the darkness, we learned that my wife is pregnant. In a normal world, learning you are pregnant after years of waiting would be the best thing you could imagine, but at that time we couldn't see any light, not even far away in the distance. But then, almost of our nowhere, CCWS appeared. They were like a sip of cool water in the desert. Sandy, Tamara, Maritza, Sharon, and the other staff were there for us through it all. They helped us mentally, educationally, and with material assistance. They didn't just provide a light for us to see, but they were the high beams that guided us to safety. How can we ever thank them and the donors who support this work? God bless you. You are all our angels."*

DUTCH FAMILY SERIVCES TO THE RESCUE

When CCWS moved into the new Kennett Square property in early 2020, generous donors had provided for the renovations to transform it into a beautiful, spacious medical center. A major facelift needed to make a detached garage into a usable space was not in the budget, however home-flipping experts, Dutch Family Services to the rescue! Without hesitation, these home renovation experts donated a full day to CCWS, transforming the garage into a beautiful, safe, functional space that is now being used to benefit the ministry. And not only did Dutch Family Services complete the garage renovation, but they also helped with a few other projects on the property. The result was astounding! We are incredibly thankful for this team and their servant hearts!

Client Quotes

"I am happy and grateful to you, but above all, grateful to God for putting people like you in my life to carry out this hard and beautiful job of being a mother. Thank you for all that you have taught all of us, for your patience, commitment, and dedication. I ask God to bless you for everything you do. Thank you! Thank you! Thank you!"
*- Alana G, Parenting Class Client**

"Thank you very much for all your support. Without you, I would not have this magnificent recognition. May God multiply everything you do for us, you are loved and I thank you."
